The address proper started from the National Republican convention, Mr. Lester eulogizing the nominous and the platform, Lincoln, Grant, Logan, Garfield, Arthur and W. M. Barrett, of Chicago, was in Decatur to-day and paid us a call. Conkling. He paid his respects in plain words to Cleveland, whom he described as Grover the First, and to the solid outh, declaring that here in the north there would be a free ballot and fair count, and that the people of the south must see to it that elections shall be carried on honestly and fairly. The speaker discussed the tariff question at considerable length, proving by positive documentary evidence that the Democratic party is the party of free trade. The utterances of Cleveland, Cox, Carhele, at Macon to-day, going down on the Vest, Mills and the English press were quoted, and then to clinch the proposi tion he gave the cold history of America, showing up the effects of free trade on the industries and growth of this country and the different periods of depression. Skillfully and pointedly the facts were given so there could be no dodging or guns lying the evidence presented. The high price of many articles under free trade rule, and the low prices for the products of the farmer were given, and then by comparison and to show that history proves that protection is the only safety for American prosperity, the prosperous times under the protective system were described. The Mills bill received attention. It was shown up by facts and figures as thoroughly sectional-drawn to help the south and paralyze the indus-

Drama To-Night. The thrilling play, "Monte Cristo," will

be the attraction to-night at the opera house The company is now in the city. The Washington News said Mr. Benedict earned a reputation

which will fill the house whenever he appears again. His versatility is indeed remarkable, and he can take five principal characters with perfect ease and abso lute success. He most happily plays the role of a sailor, a prisoner of 16 years, Priest "Abbe Busoni," "Solomon von Gripp," the Jew, and places the climax by the fabulously rich "Monte Cristo." In all his acting his emotions are realistic and held the audience spell-bound. He is supported by a company of artists.

BENJAMIN CUNDITY, of Maroa, 77 years old on Sept 25, who voted for "Old Tippecanoe" in '96 and '40, says he will vote for the grandeon if he lives until November. He is a hale and hearty old man, and no doubt will see the grandson elected He says the Democrats brought out a candidate in 1840 who was the unanimous choice of the party and history has again repeated itself with the party in '88.

Wrought Steel, NO GAS, Malleable Íron. Very Little Fuel, No Leaky Joints.

No one can say that the time was not ripe for a new furnace. The days of brittle, porous, east iron furnaces are numbered. In every branch of manufacture cast iron is being driven out by wrought iron and steel. Every bridge that goes down in a wreck of lives and property is found to have cast iron members. Every bursting cannon which slays its friends rather than its enemies is made of east iron. Every leaky furnace which poisons a household with its noisome gases is found to be made of the same cheap, unreliable material. Improved methods of manufacture have made steel and iron plate, of first quality, less expensive than cast iron formerly was, and it is plainly in accord with progress in other directions that there should be progress both in design and the material of furnaces for warming our homes, churches and schools.

Replying to yours of the 15th inst., myodimon of the Lycoming goods bought of you last season is that the quality is superior to either flost in. Contres of Wales Goodyear.

These reales were all sold by me last year, and I bound that the Lycoming rubbers exceeded them all for durabully. The chief advantage of the Lycoming seemed to be that they were made from a pure quality of nubbers, and were of extra weight.

Lectainly want the handing of the goods and Carolina. From the control of the goods another season, if the quality is kept up, and hope the company will need with the success it deserves for making bonest goods.

In reply to your impuries concerning the Ly-coming rabber goods, we would say that in this secality it has for years just been difficult to self-say rabber boots but the Boston and Woonsock-et; but this past season we put in a stock of the above makes, also the Camber and Lycoming, ind, so far as we can learn, the Lycoming have

equaled the others in every particular. We have not had one pair returned, nor have we heard a complaint from any. March 2, 1887. Boods and Shors.)

I have not three large retail shoe stores in the chease for threen years, and during the inner used off nucles years, and during the inner decision, Whensocke, and Unides and a great many others, as we had a very large rabber trade.

I will say I think years are the best goods have been sails have ever used before, them, then, any to ask ever used before. I always used the Boston, and they are, it may opine a next to years. We may never handled anything in the rubber your goods.
